August 5, 2018 18th Sunday in Ordinary Time

"Each day the people are to go out and gather their daily portion; thus will I test them, to see whether they follow my instructions or not." (EXODUS 16:4)

When the Israelites gathered more than their daily portion of manna, the surplus became wormy and rotten. In the same way today, self-reliance, pride and ego leads to hoarding and excessive surplus of goods and money. Living a stewardship lifestyle helps us discern our "wants" from our "needs". Living a generous lifestyle reminds us that God will provide all that we need and that we have plenty to share.

Mission Appeal

In the Book of Acts St. Paul speaks to how as part of his mission while traveling to share the message of Christ he was asked to remember the poor of the Church of Jerusalem and other local Christian Communities in need. St. Paul talks about how this was a joy for him to do and he glories in the way that the communities which he founded were generous in supporting the needs of other Christian Communities in the world. Fr. Joseph Chipson will be joining us at all of our Masses to speak with us about the ministries and needs of the Diocese of Verapoly in India. He will share with us about the good works that are being accomplished in his home diocese along with some of the struggles and needs of the church in India. There will be a Second Collection during Mass to help support the works of Archdiocese of Verapoly, please see the back of this weekend's bulletin for more information about the needs of the Church in Verapoly.

Adoration Moment

"The spiritual lives of our families are strengthened through our Holy Hour."

Pope St. John Paul II

ARCHDIOCESE OF VERAPOLY

Latin Archbishop's House, P.B. No. 2581, Marine Drive, Kochi - 682 031, Kerala, India

☎ : 0091-484-2372892, 2380474 | Fax : 0091-484-2360911

The Archdiocese of Verapoly is situated in Kerala, the Southwest State of India, sticking out into Arabian Sea. It is one of the first Catholic Dioceses of India, erected in 1886. The Archdiocese has:

Catholic Population...	348,465	Parishes.....	105
Catholic families...	73, 770	Diocesan Priests.....	220
Fisherman-folk...	95, 125	Seminarians.....	161
Daily-wage Workers...	167, 625	Religious.....	1,298

PROJECTS OF OUR MISSION IN INDIA THAT NEED REGULAR FUNDING AND YOUR KIND HELP:

The Education of Seminarians: We are blessed with many vocations to Priesthood and Religious Life. At present we have nearly 250 seminarians in various seminaries preparing themselves to be priests. This is my special request for those seminarians who need financial and spiritual support to complete their seminary formation and studies.

Catechetical Formation : We have developed a Sunday school system to catechize the children and the youth, Priests, Deacons and other trained catechists who try their level best to nourish our younger generation with the basic doctrines of the Catholic faith.

Give them A Home: It is the housing project for the homeless. There are thousands of families with no proper shelter. They live in shabby huts thatched with palm leaves. They need rethatching every year due to heavy monsoon rains. The recurring expenses to mend them, keep these families in abject poverty and misery. The condition never allows them to rise above their sub-human level of existence. They look up to the Church for help. We build houses for this people with a low cost of \$3000 each.

Health Care Programs: The primary Health Care Centers teach and supervise the basic medical hygiene of the poor in the villages and islands, which form the major part of Archdiocese. As the country does not have any health care insurance scheme or Federal Government aided Medicare or Medicaid system, the poor depend solely on these Health Care Centers where the services/treatments and the medicines are provided for free or just for nominal registration fee. This project has been a huge financial liability for the mission every year.

Empowerment of the Women-Folk: in most of the remote villages of India, women-folk is still looked down upon. Most of them are home-bound. So we have formed some self-help groups for women and help them to start small scale industries and other manual labours. Thus we try to direct the women folk into the main stream of the society. The funding for this project is done mainly from the mission appeal collections.

Rain Water Harvest Program: Due to the acute scarcity of drinking water, we have recently started this project. We build a small concrete container and store the rain water and four to five families share this water only to drink.

Self-Employment through Vocational Training: Committed Religious Brothers and Nuns are working in these facilities, who also train the Youth and adults for self-employment through vocational training. About 2500 are getting trained under this program every year.

Orphanages and Nursing Home for the Aged: Many of the children in the orphanages could have been aborted, but for these institutions .Because of the strong traditional family values, we have only as few as 400 old and abandoned in the home for the aged as the country has no welfare scheme to look after them.

Up-keep of the Catholic Grade Schools and High Schools: As elementary and secondary school education are to be provided by the management as per country's law; these educational buildings such as schools, colleges and hostels, though very pristine in nature cost heavily for their maintenance. Schools and colleges give us ample opportunity for evangelization and catechetical work. This makes it necessary and urgent for us to upkeep them despite heavy financial burdens.
